

## 20 YEARS OF HÍRSUGÁR

**<sup>1</sup>Zsolt Déri, <sup>2</sup>Sándor Deme, <sup>3</sup>István C. Szabó**

*<sup>1</sup>Hungarian Atomic Energy Authority*

*<sup>2</sup>HAS Centre for Energy Research*

*<sup>3</sup>MVM Paks Nuclear Power Plant*

Hírsugár is an informational periodical issue of the Health Physics Section. Its first number was issued 20 years ago with preface of József Rónaky, president of Section. The first number had only 12 pages including two drawings. Recently was printed the 64<sup>th</sup> number, each number contains 25-30 pages and a lot of drawings.

Hírsugár includes official documents of Section, radiation protection news and a lot of interesting articles. This presentation deals with short review of Hírsugár and demonstrates the most interesting drawings of the past years.
